YCLUB JULY 31 2022

NFT PROJECT

Your charter into a world of extravagance both in the Metaverse and beyond.

Mint

ART SNEAK PEEK

What you need to know about YCLUB

YCLUB community members will gain access to an immersive Metaverse.

This Metaverse will provide extravagant user experiences of the Superyacht NFTs and act as a hub for the community that provides support for an eCommerce marketplace and more.

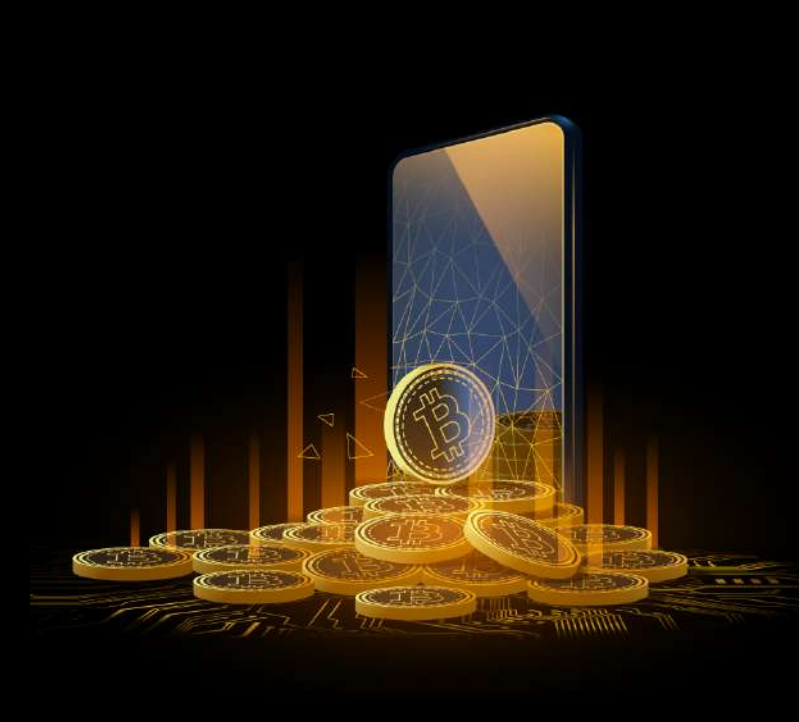

YCLUB NFTs are keys allowing the holders to enter the YCLUB Metaverse community and engage in exclusive DeFi investment opportunities.

Holders of NFTs can profit from revenue generated from events and other Metaverse activities.

YCLUB community members will be able to benefit from a suite of DeFi products including a decentralized exchange, NFT Marketplace, Non-Custodial Staking Rewards, to better leverage their Web3 experience.

YCLUB leverages passive income generation; by holding NFTs in the YCLUB crypto wallet, community members gain "cash back" rewards for their loyalty in SYC, while also receiving revenue generated from community owned Superyachts.

Poseidon

Operations

→ Generation access always say the business the operation

The Vision

The world of luxury has evolved passed the physical and the material. To experience the full breath of luxury today is to enter a curated world; a world that understands one's desires to be serviced in extravagance, entertained in excess, and provide you with more opportunities to indulge with others.

Here at YCLUB, we unlock these experiences, giving unique access to worlds of luxury that most people couldn't fathom without first hand knowledge.

Our vision is to provide Mega Yacht experiences, both in the Metaverse and IRL, for collectors looking to be a part of the extravagant worlds being built in Web3. Through this, collectors of YCLUB assets will have revenue share opportunities, membership access, and directly support cleaning the ocean through our green initiatives.
